

As an Evergreene Homes Purchaser, you have the right to select a lender and settlement agency of your choice to obtain financing and conduct the closing on your future home. Your lender will play an important role in the coordination of numerous administrative and clerical functions related to underwriting the transaction and managing the collection of documents and the disbursement of funds required to carry out the terms of the Agreement of Sale. To help facilitate a successful closing, Evergreene Homes would like to present our six Preferred Lenders and Affiliated Settlement Agency. While Evergreene has no affiliations with any of these lenders, they are companies that we have confidence in and they will provide you the best rates and services.
